Prayers for a Planetary Pilgrim by Fr. Edward Hayes is “...a treasury of prayers, rituals, and spiritual guidance that celebrates the divine presence that unites all the people and faiths of the world. Through poetic psalms, blessings and rituals, it provides creative prayer experiences for the days of the week, seasons of the year and the extraordinary days of our lives.” (Amazon.com) Hayes’ message is one of universal love, human potential and spiritual growth, through love of the earth and one another.
